

## Why is the Sky Blue?

Available: 4 September

Age: 3-5 years

Price: £9.99

Can we drink rain? Where does the sun go at night? What do birds say when they sing? Find the answers in this beautifully illustrated book dealing with real questions from children about the natural world they see around them. Packed full of flaps to lift, wheels to turn and tabs to pull which reveal the answers, this is interactive reading at its best!

This is the perfect book for inquisitive children and opens the door to a world of answers in an engaging and delightful way. It is also a great introduction for budding nature enthusiasts and you can kick-start their green awareness with this environmentally friendly book made from recycled Kraft paper!
