

Baby Touch receives Rave Reviews...

"My family loves Baby Touch because of the bright colours, the sounds and the textures. They mean we can share books, even at such an early age. Books are so important in my life and being able to pass that on to my children is fab!"

Angela Griffin, March 2008

"An excellent introduction to the delights of the literary world awaiting your baby"

Mini Baby Touch books are fantastic at introducing your baby to early themes such as first words, numbers, animals and the sea. Have fun with your baby feeling the furry panda and stroking the stripy tiger or learn about the sea with the bumpy shells and scratchy sandcastles. Start learning numbers and first words by placing your child's hand on the stimulating tactiles and count the bright animals on every page.
